

DIES National Multiplication Trainings (NMT)

2017-2018

Training Proposal

Name of the training activity	
Country of implementation	
Main topic of the training	
Goals and objectives	
Expected learning outcomes	
Target group please be as specific as possible (e.g. including a list of institutions should the target group be limited to specific institutions)	
Language(s) of the Training	
What is the motivation in offering the proposed training?	
Is the training embedded in a larger context? (e.g. at your institutions)	
What is the concept of the training?	
Please describe the topics of the training and the main didactical approach.	

What do you plan to focus on for workshop I?

Every NMT training activity should include two presence-phase workshops of at least three-days each.

What do you plan to focus on for workshop II?

What kind of change projects should your participants work on?

Application and Selection Process

How will you inform your target group about the training?

Please describe the means of dissemination of your training to the target group.

How does your target group apply for this training activity?

Application Procedure

How will you select the participants?

Information: You are expected to describe the selection criteria if any. Should you not select the participants on a competitive basis, please describe the procedure. Please be noted that each training activity should have **at least 20 participants**.

Evaluation of the Training

How will you evaluate your training activity?
