

DIES NATIONAL MULTIPLICATION TRAININGS

THE
DIES
ALUMNI

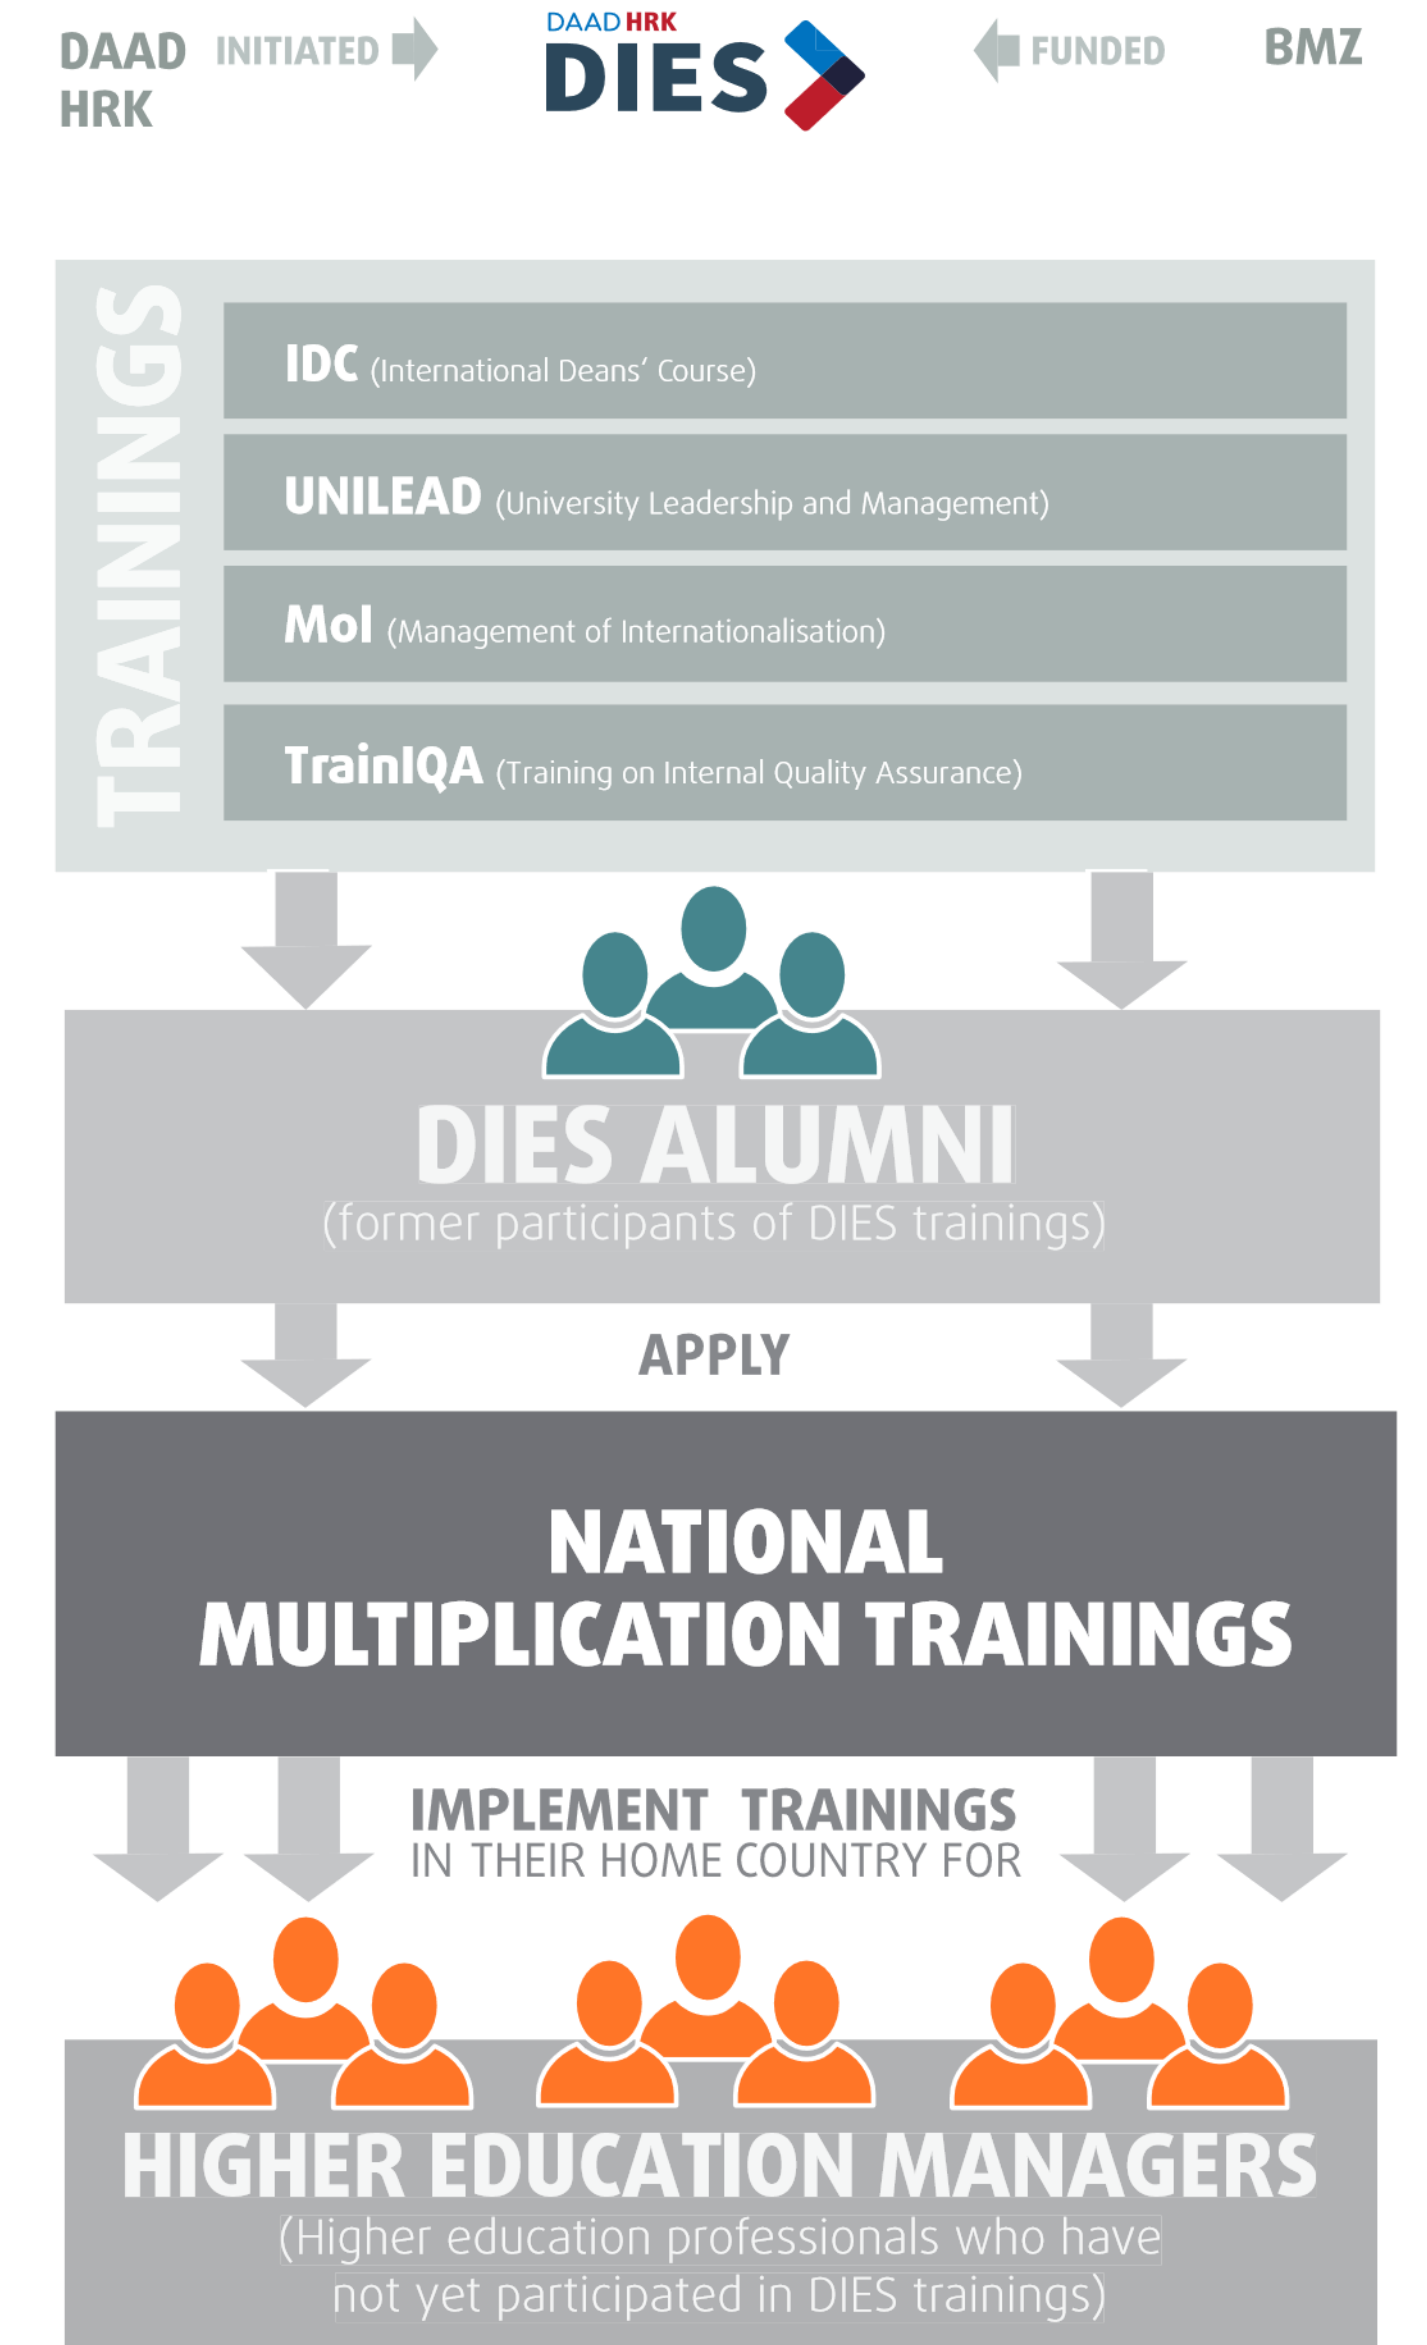

NMT is one of the pillars of the DIES programme with the aim to strengthen DIES alumni in their roles as multipliers in the field of higher education management, to initiate organisational changes at the participating universities and to promote the sustainability of DIES trainings.

THE PROGRAMME supports multi-part training courses in the field of higher education management. It is organised independently by DIES alumni in their home country.

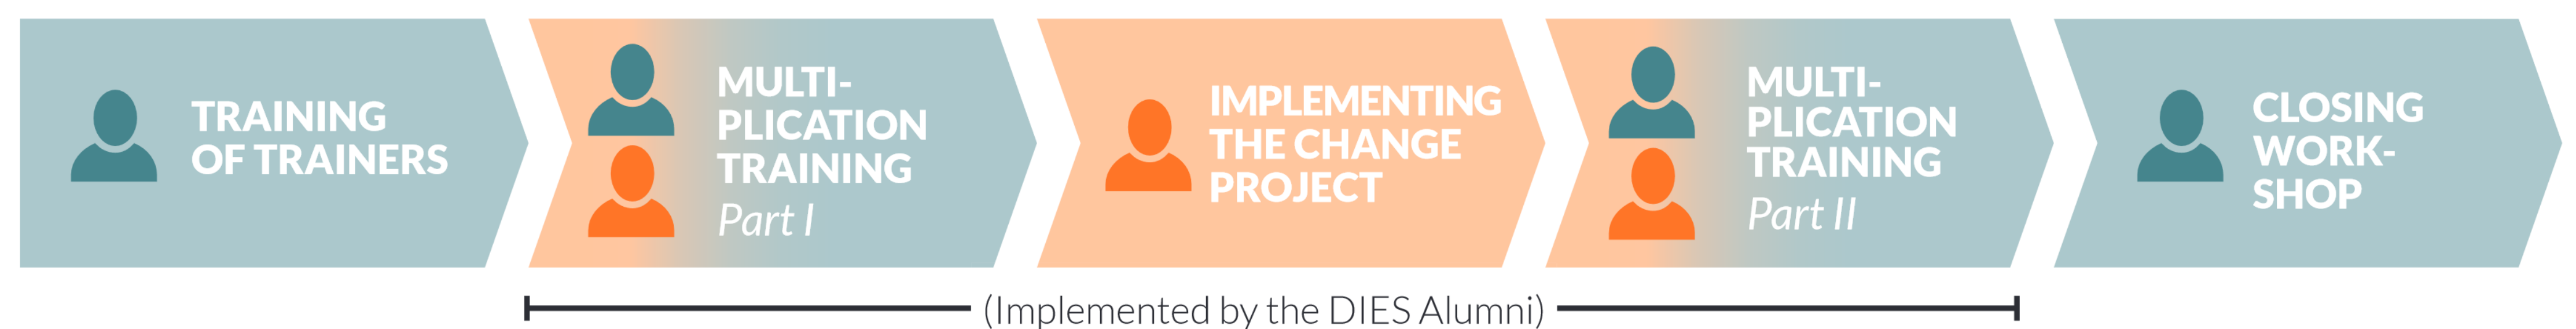

THE CONCEPT Group of DIES alumni submit a joint training proposal and implement trainings in their own countries for higher education managers who have not participated in the DIES trainings yet.

TRAINING TOPICS The multiplication training should be in line with the DIES training courses with national adaption. Therefore they are focusing on:

- Faculty Management
- Project Management, Strategic Management & Academic Leadership, and Human Resource Management
- Quality Assurance including curriculum development
- Internationalisation

COURSE

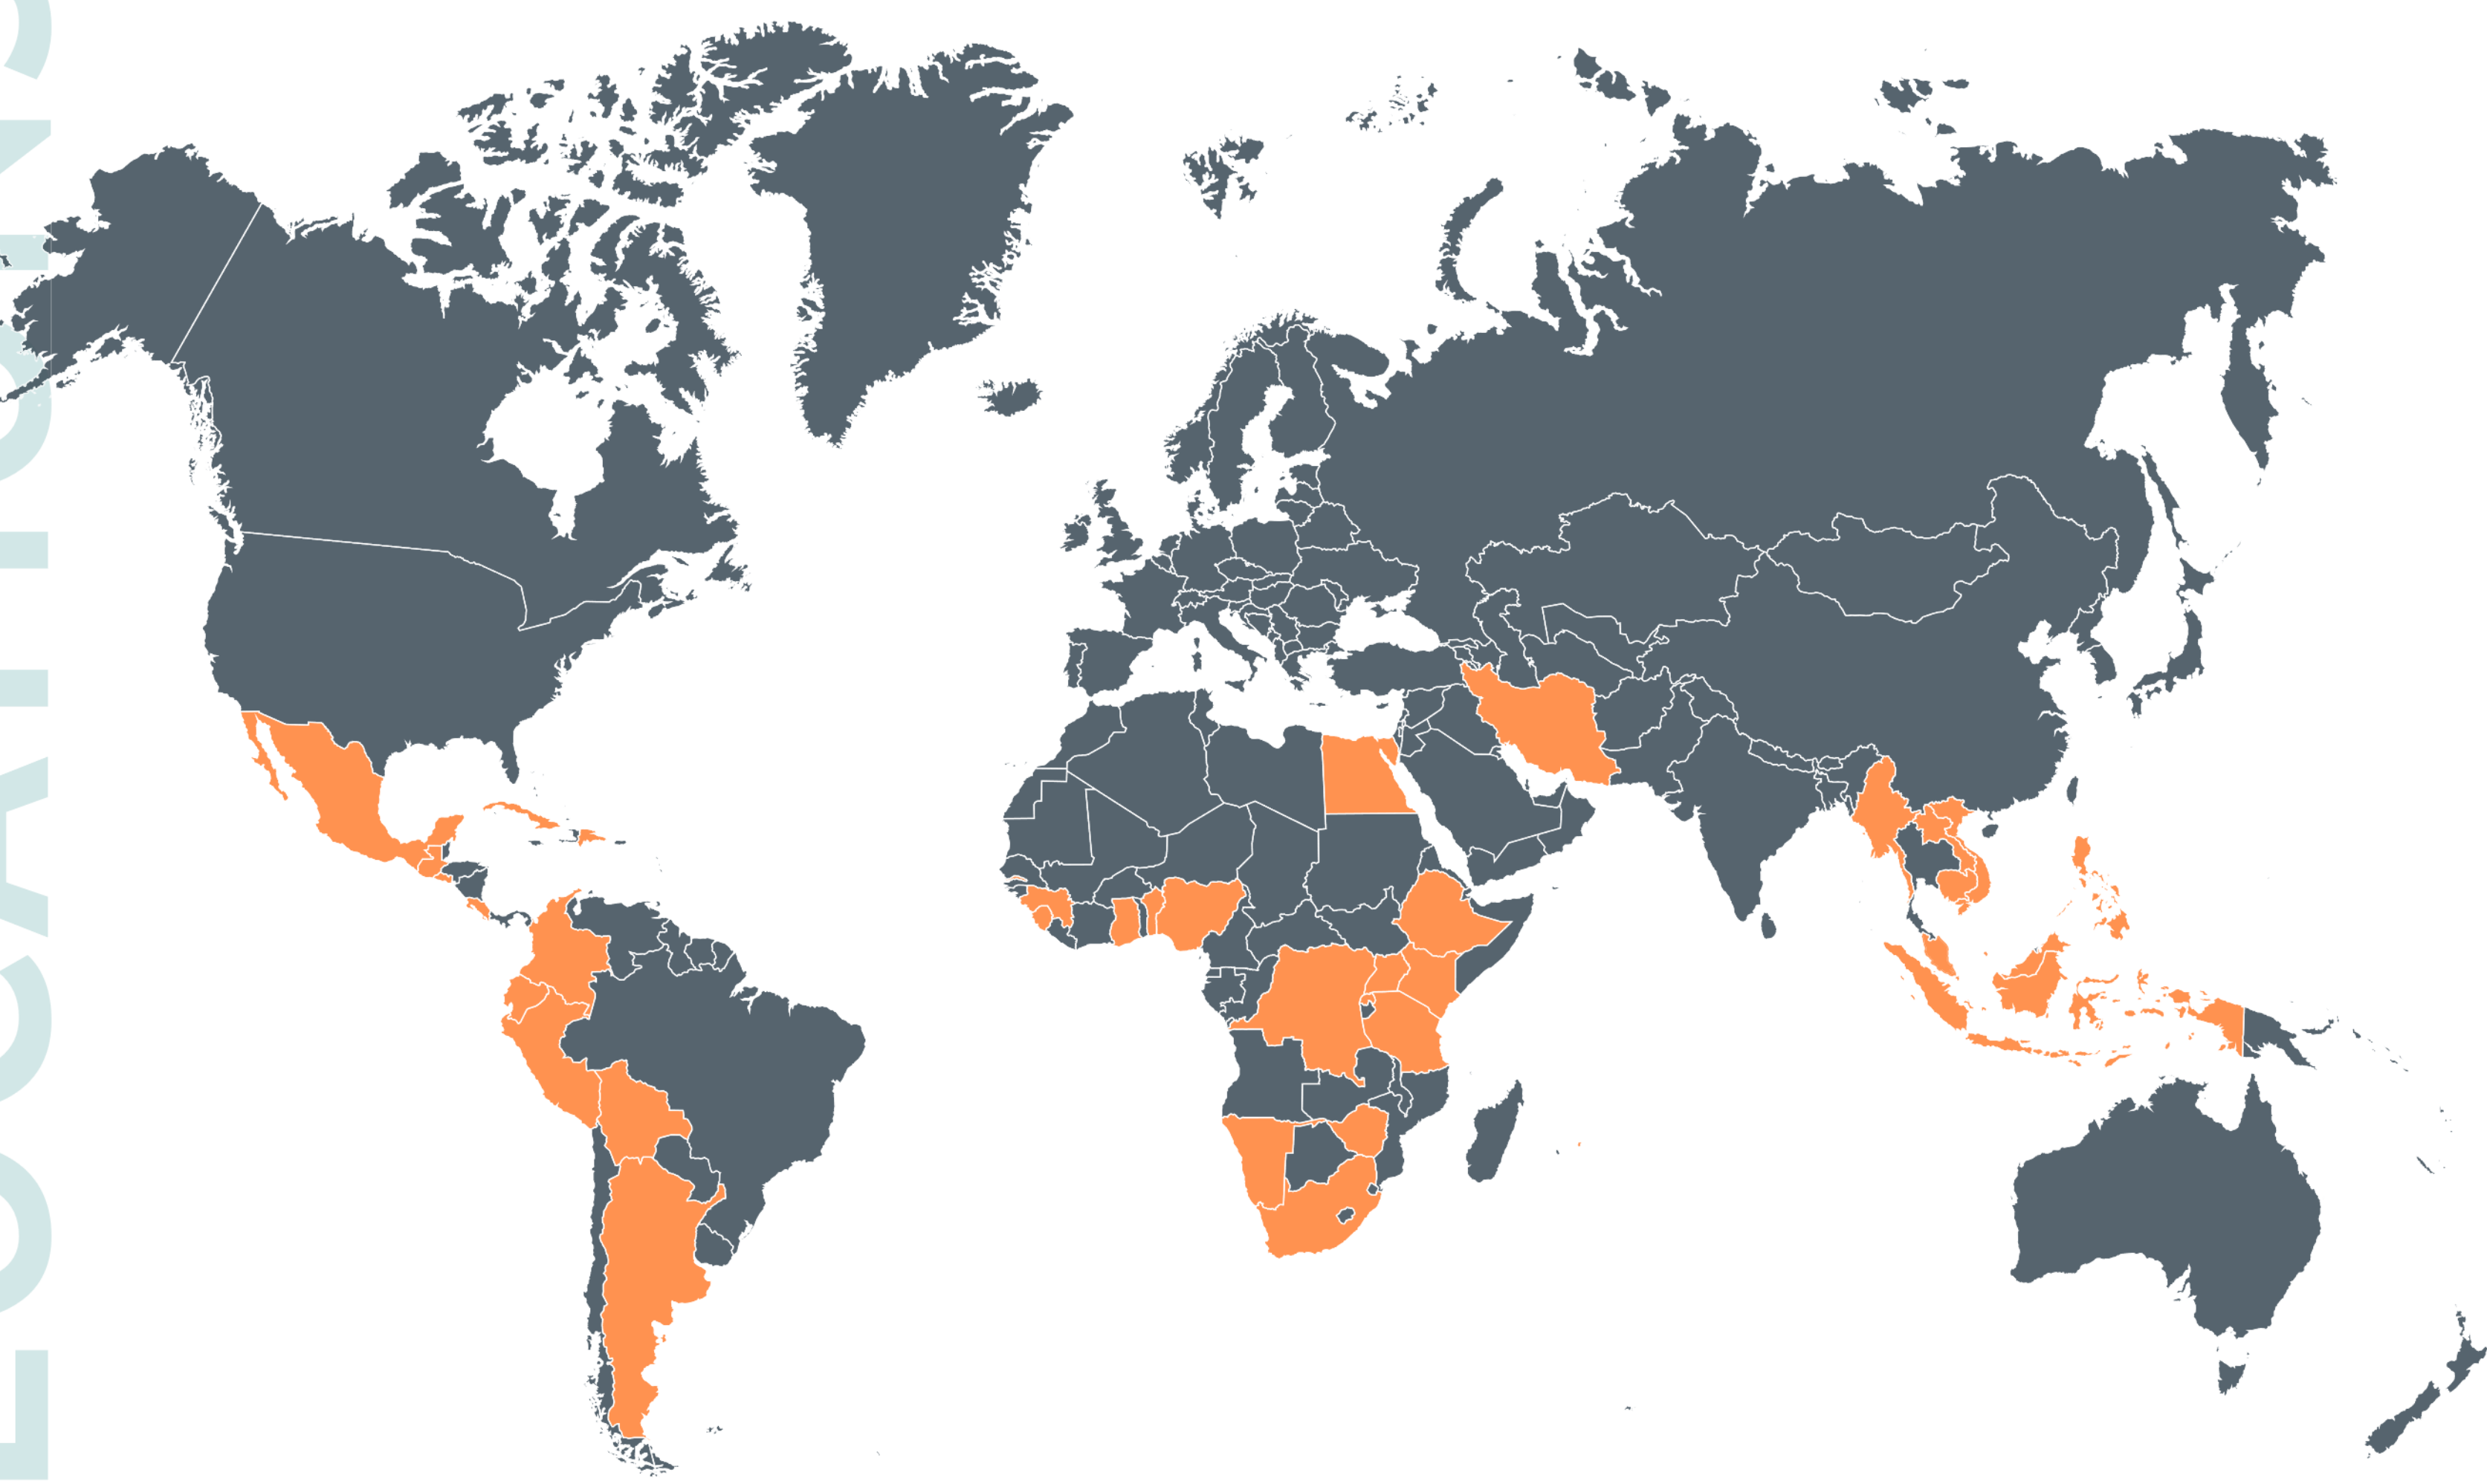

(Each multiplication training is composed of at least two parts with a minimum interval of four months.)

 **DIES Alumni**
as NMT Trainers

 **NMT Participants**
(Higher education professionals who have not yet participated in DIES trainings)
